Skills

- **Languages**: C/C++, Python, JavaScript, Java, DSA.
- **Frameworks**: HTML and CSS, .Net, MVC
- **Tools/Platforms**: MySQL, AWS, Figma, Docker, Kubernetes, Git, GitHub, Linux.
- **Soft Skills**: Problem-Solving, Work Ethic, Teamwork, Adaptability.

Project

FinTrust – Prototype for Smart Mobile Banking app | Link Jun' 25 – Jul' 25

- Identified usability, security, and trust issues in mobile banking through Design Thinking–based user research and surveys.
- Designed an end-to-end mobile banking prototype using personas, journey maps, wireframes, and interactive UI, achieving 70% task completion accuracy in usability testing.
- Developed strong skills in UX research, user-centered design, prototyping, and usability testing while translating insights into practical digital solutions.

  Tech Stack: Figma, Miro, Balsamiq, Draw.io, Google Forms, and Google Sheets, ideation, wireframing, prototyping.

Playlist Web Application (Role-Based Music Management System) | Link Jan' 26 – Feb' 26

- To build a secure music management system with Admin and User access control and role-based authentication.
- Developed an ASP.NET Core MVC application with role-based authentication and CRUD operations for song and user management using Entity Framework Core and SQL Server.
- Gained practical experience in backend development, authentication, authorization, and MVC-based database integration.

  Tech Stack: ASP.NET Core MVC, C#, Entity Framework Core, SQL Server, Razor Views, Bootstrap.

Training

Summer Training In Design Thinking and Figma | Certificate Jun' 25 – Jul' 25

- Built a strong foundation in Design Thinking and UI/UX principles to solve real-world problems using a user-centered approach.
- Completed a 6-week hands-on training focused on UX research, wireframing, prototyping, and usability testing using the Design Thinking lifecycle.
- Developed practical UI/UX design skills, improved problem-solving ability, and learned to convert user insights into functional digital prototypes using industry tools.

  Tech Stack: Figma, Draw.io, Balsamiq, Miro, Google Forms, and basic design tools for prototyping, research, and wireframing.

Certificates

- SEBI Investor Awareness Test | NISM | Certificate — Nov' 25
- Design Thinking and Figma | LPU | Certificate — Jul' 25
- Cloud Computing | NPTEL | Certificate — May' 25
- The Bits and Bytes of Computer Networking | Coursera | Certificate — Sep' 24
- Introduction to Hardware and Operating Systems | Coursera | Certificate — Sep' 24
- Responsive web Design | Freedcamp | Certificate — Nov' 23

Achievements

- Earned Bronze Badge (3 Star) in Python on Hacker Rank — Oct' 24
- Participated in the "Code Off Duty" Hackathon and achieved a Top 10 team ranking — Mar' 24

Education

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.34*** — *Aug' 23 - Present*
- **R.P.S Public School** — Muzaffarpur, Bihar
  Intermediate; ***Percentage: 65.8%*** — *Apr' 20 – Mar' 22*
- **Chandrasheel Vidyapeeth** — Muzaffarpur, Bihar
  Matriculation; ***Percentage: 78%*** — *Apr' 19 – Mar' 20*
